

WAJAX

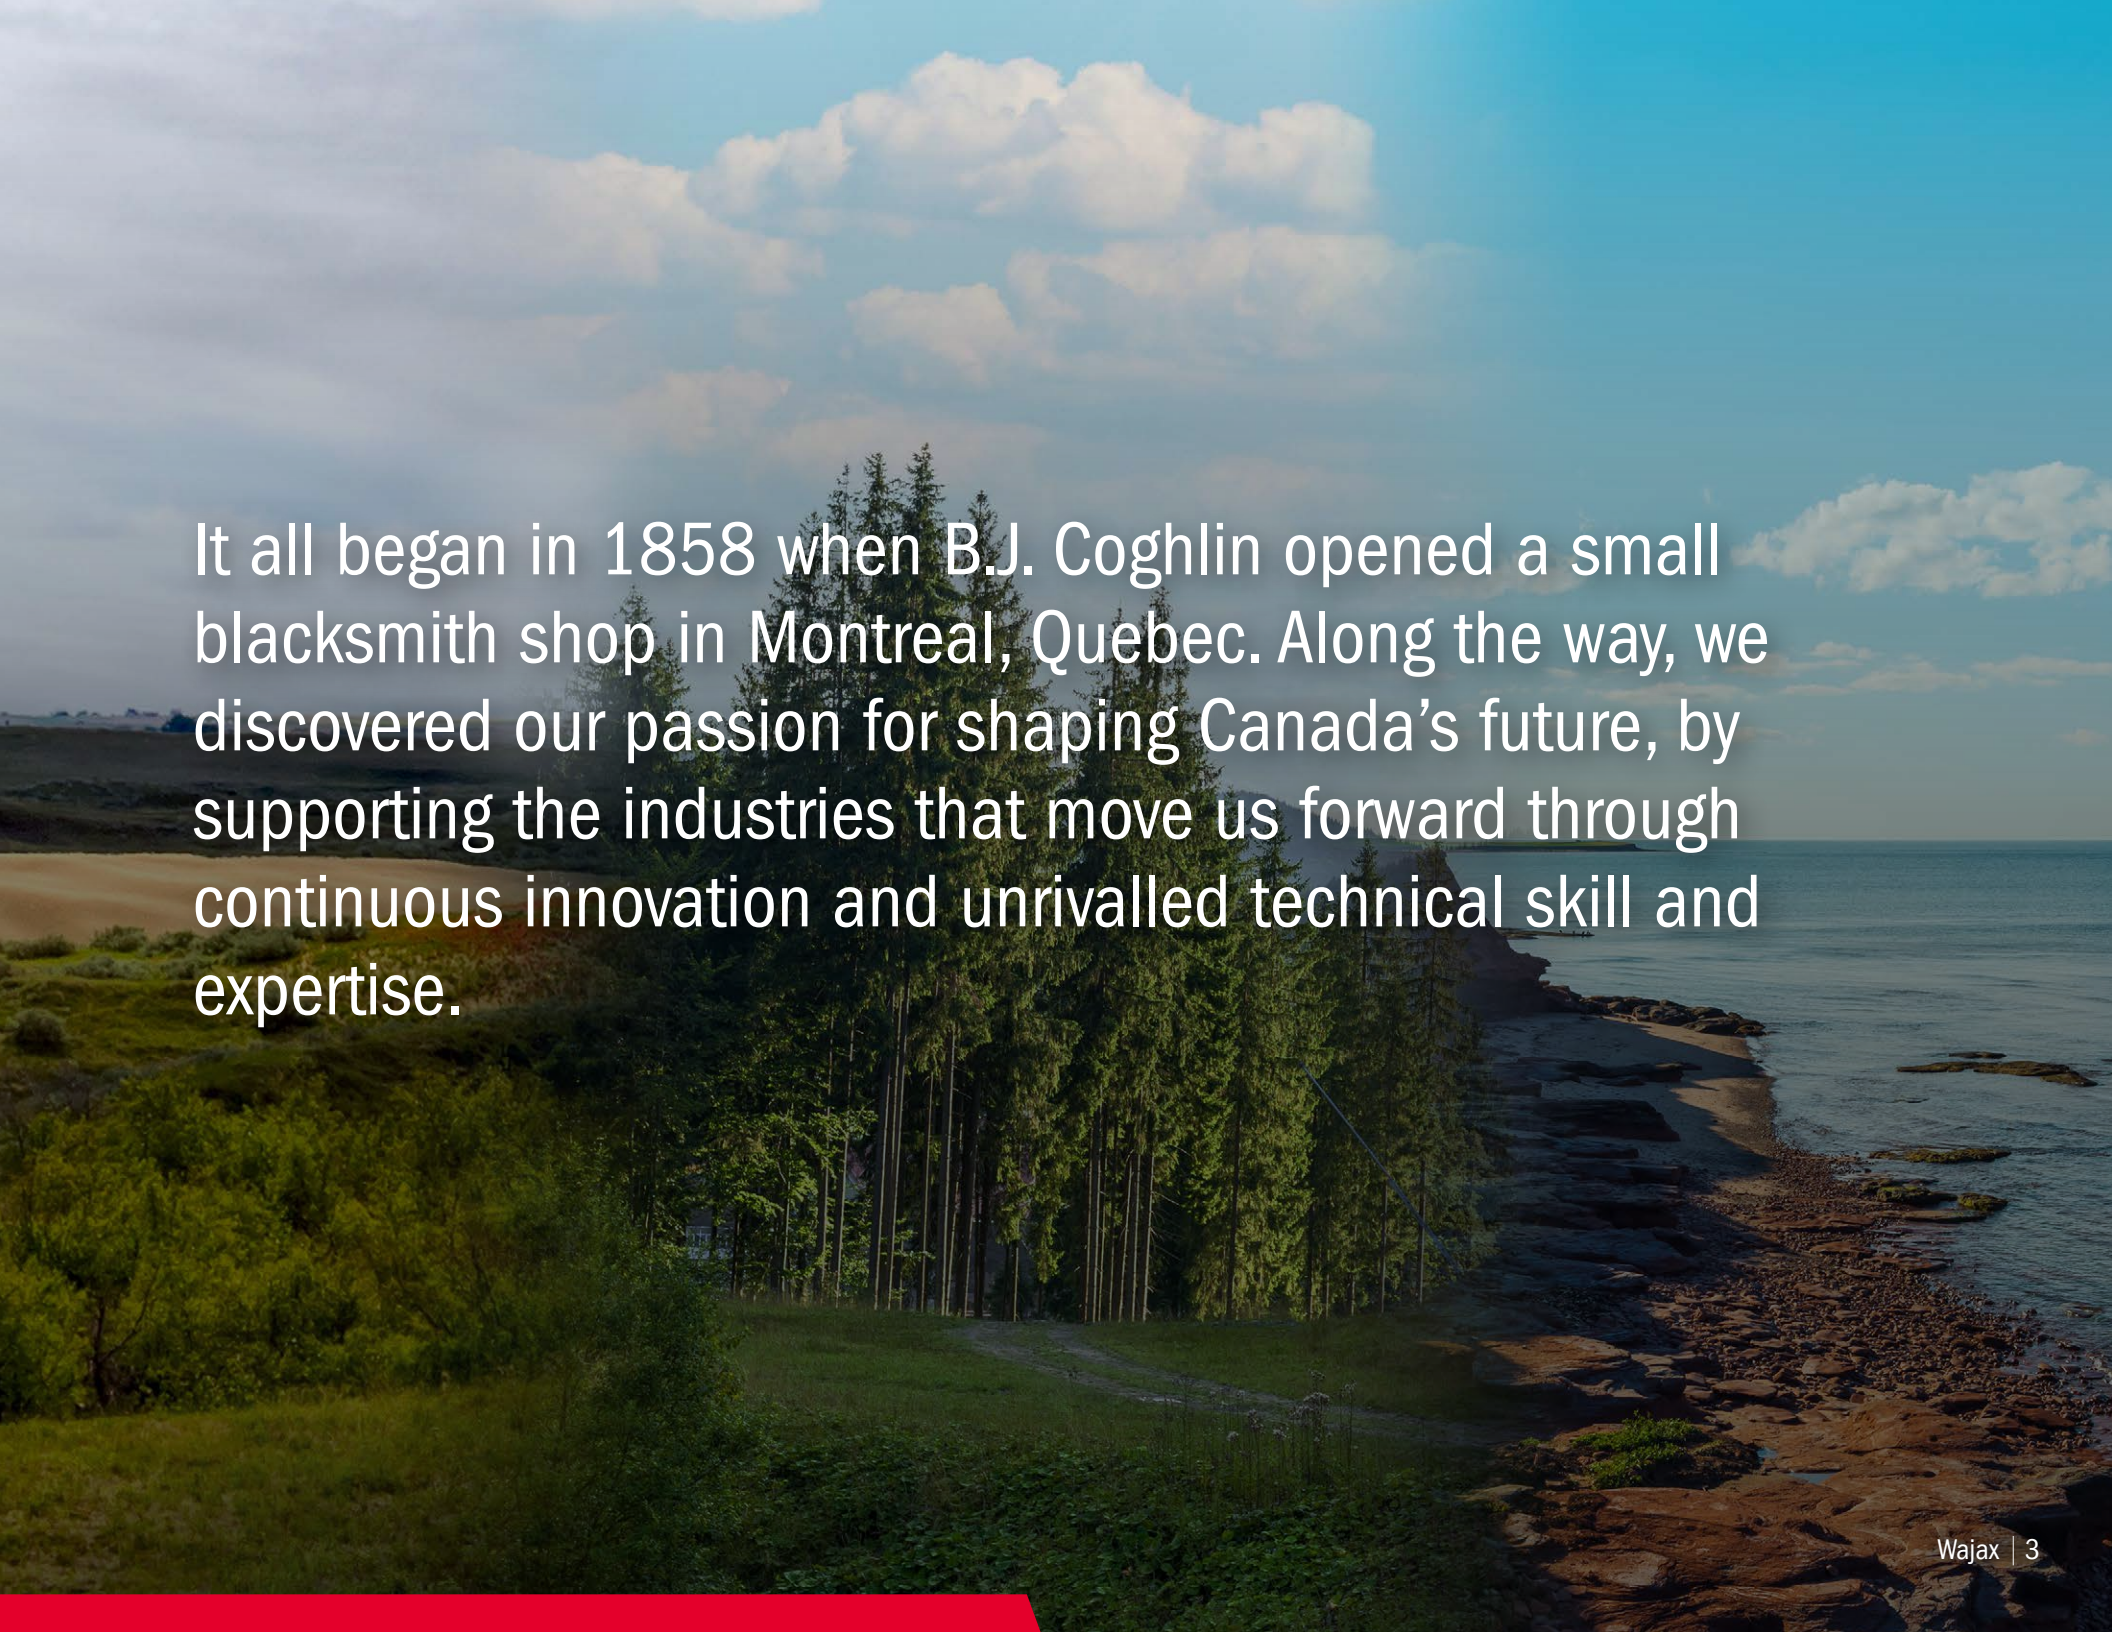

// Together We Get More Done.™

ONE OF CANADA'S LONGEST- STANDING AND MOST DIVERSIFIED INDUSTRIAL PRODUCTS AND SERVICES PROVIDERS.

**Wajax was there when Canada took its first steps. Over
168 years later, we are still here to support you.**

\\ Together We Get More Done.™

It all began in 1858 when B.J. Coghlin opened a small blacksmith shop in Montreal, Quebec. Along the way, we discovered our passion for shaping Canada's future, by supporting the industries that move us forward through continuous innovation and unrivalled technical skill and expertise.

Our People Set Us Apart.

Helping Canadian Industry Move Forward

Wajax is one of Canada's largest end-to-end industrial products, equipment and services provider, where businesses of all sizes turn for their equipment, power generation, or repair services needs. Whether you're in the construction, forestry, food and beverage, mining, or oil and gas industries, Wajax has you covered.

Our Service is the Key to Your Success

While we offer an outstanding selection of world class brands and equipment, it's our people who truly set us apart. Available 24/7 for service and warranty support, our expert technicians minimize downtime while maximizing your productivity.

“Wajax is one of Canada's most respected industrial companies, with a proud history and an exciting future. I am honoured to join the Wajax team and eager to work with our talented employees, our customers and vendor partners.”

GEORGE MCCLEAN, PRESIDENT AND CEO

Ongoing Commitment to Sustainability

At Wajax, we are committed to building an environmentally and socially responsible company that fulfills our corporate Purpose of “empowering people to build a better tomorrow”.

We have prioritized the social elements that have the greatest impact for each of our stakeholder groups and we are committed to reducing our environmental footprint, upholding the highest ethical business practices and ensuring strong corporate governance. Our sustainability roadmap highlights key areas of focus, including efforts to reduce our carbon footprint, enhance energy efficiency and manage environmental risks. Social responsibility is one of the cornerstones of our sustainability efforts. We prioritize employee health, safety and well-being, and have achieved Excellence Canada Platinum level certification for Mental Health at Work® and Healthy Workplace®.

Governance is another important aspect of our sustainability strategy. Our strong governance practices allow us to uphold high ethical standards, and this year we rolled out a Vendor Code of Conduct. Through these ongoing efforts, Wajax continues to contribute to building a sustainable future by aligning our business practices with our Purpose and Values.

For a closer look at our environmental, social, and governance initiatives, please see our 2025 Sustainability Report, which is available on our website at [wajax.com](https://www.wajax.com).

Canada's Partner of Choice

**Reliable knowledge and expertise
with over a century of experience.**

Wajax is proud to be one of Canada's longest-standing and most diversified industrial products and services providers, offering a broad solutions portfolio built on established relationships with reputable manufacturing brands. We support an extensive range of industries and core sectors of the Canadian economy.

SUPPORTING 10+ INDUSTRIES**

| Truly collaborative service and solutions

Wajax is driven by a passion for success for our customers. With a national network of branches, we have teams working on the ground with customers every day, allowing us to truly say...**Together We Get More Done.**

| High quality products, service and expertise

Our world-class brands allow us to provide top-tier equipment and parts, and enable us to develop the kind of ideas and technology that elevate performance, longevity, and sustainability.

Our Responsibility

Wajax is committed to upholding the environmental and safety standards for each industry we serve. That's why we only partner with the most reputable brands who share our high standards for quality.

Wajax Supports Industries that are **Foundational** to the Canadian **Economy**

 Together We Get More Done.™

MINING & OIL SANDS

From extraction to refinement, Wajax works alongside leading mining and oil sands organizations, providing the equipment and support necessary to keep operations running smoothly. We supply industrial parts, engineering, maintenance, repair and overhaul services for mining infrastructure nationwide, in addition to sales, support and service for a full line of excavators and rigid frame mining trucks.

CONSTRUCTION

Whether it's road building, large-scale earth moving or commercial and residential development, Wajax and its industry-leading OEM partners offer a range of heavy equipment and digital fleet management technologies to serve commercial and residential construction projects across Canada.

FORESTRY

From solid wood manufacturing to pulp and paper and forestry and logging, we at Wajax work with our customers to provide end-to-end support for all their unique challenges. Canada's thriving forestry industry relies on hard work and the the right equipment, and our unmatched offering ensures our forestry customers have everything they need to perform seamlessly and successfully.

MARINE

Whether you're operating fishing boats, large fast ferries, offshore supply vessels, or waterway-clearing icebreakers, Wajax has complete power systems for any marine or industrial application - from coast-to-coast.

Wajax Supports Industries that **Power Our Communities**

 Together We Get More Done.™

POWER GENERATION

Critical to every industry is the generation and reliability of electricity through generators and electric motors. Wajax offers a variety of customized services for purchase, rent or installation of generators and complementary equipment, as well as preventive maintenance service and a 24-hour emergency service.

ENGINES AND TRANSMISSIONS

Whether for land or sea, Wajax offers an extensive range of powerful on- and off-highway engine and transmission products for high quality performance. Our branches across Canada keep the Canadian economy moving through engine and transmission repairs, best-quality parts, service, and a team of highly skilled technicians.

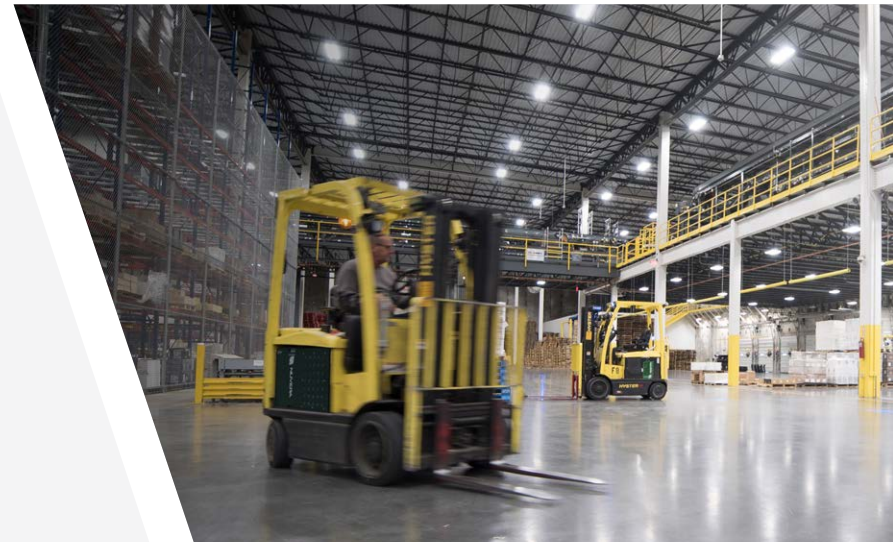

ENERGY & RENEWABLES

The world is looking for sustainable energy solutions. As our energy sector innovates, so do we, by providing renewable power solutions for lasting reliability. Wajax's renewable energy offering is focused on hydroelectric and wind turbine generators, motors and related components in use on land, in the water or up in the air.

Wajax Supports
Industries that
**Bring Goods
to Market**

 Together We Get More Done.™

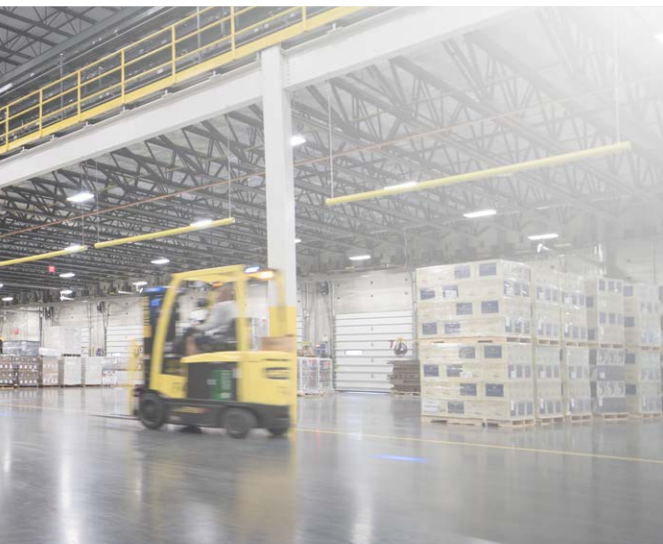

FOOD & BEVERAGE

From receiving raw materials into your plant to end of line packaging and throughout your distribution operations, Wajax is focused on ensuring your equipment is maintaining hygienic standards, ensuring personnel and equipment safety, running effectively and at peak performance to minimize unplanned downtime and wastage.

COMMERCIAL & MANUFACTURING

Manufacturing is one of the cornerstones of our economy. Wajax has supported Canada's manufacturing sector for decades and we will continue to do so by offering world-class products, reliability, process solutions, and repair services, designed specifically for the unique needs of the manufacturing industry.

MATERIAL HANDLING

All commodities, whether they involve warehousing, distribution, manufacturing, ports and intermodal, 3PL's, lumber, automation or paper packaging, industries rely on a high-functioning material handling process. From new and used equipment sales and rentals, to parts and service and warehouse solutions, Wajax empowers businesses to keep up with demand by streamlining operational performance.

Customer Success Story

One of Canada's largest renewable energy generators is committed to supplying businesses and customers with dependable power for generations, and they rely on Wajax as a top-tier service partner to ensure the reliability of their operations.

When the main hydroelectric rotor at one of their seasonal sites failed, Wajax was on the scene quickly developing innovative repair procedures to return the site to operation and enhance future reliability.

Strong Culture, Strong Team

Our goal is to consistently attract, retain and develop a diverse and skilled workforce that best reflects Canadian society, welcoming and celebrating our employees' diverse backgrounds, experiences and perspectives. No matter your demographic, you are welcome here.

We want the entire Wajax community – from employees to customers – to feel safe and heard.

Giving Back Where We Work

We don't just work in our communities – we invest in them, contribute to them, and serve them. The communities we serve across Canada are more than just branch sites – they're our homes, our neighbours, our family and friends. As Canadians, it's our responsibility to help our communities create a more positive home and environment.

Whether we're volunteering, fundraising, or giving donations, we're here to support our communities, because...**Together We Get More Done.**
